.....

(candidate's first name and surname)

graduate of .....

(name of the university, faculty)

The year of graduation

from the first cycle study programme .....

As I am applying for admission to the second cycle study programme at the Faculty of Architecture of Cracow University of Technology, I declare that the cards attached to this portfolio are a copy of my engineer's degree diploma work submitted for the diploma examination and copies of two course projects executed at the above-mentioned institution of higher education from which I have graduated, and:

- they have been executed by me personally as my course projects and as my engineer's degree diploma work;
- they have not been modified in any way or by any method after the date when they were graded as course design projects or after the date when I was awarded the relevant professional title having passed my diploma examination, nor have they been supplemented with any additional cards executed subsequently.
